

*This open house*  
**opens up new possibilities.**

*Date: August 4th and August 17th, 2010*

*Time: 6:00 P.M.*

*Place: 2251 South Jones Blvd.*

Find out why research by the Department of Education has found the hybrid model – a combination of face to face and virtual learning – to be the most effective form of teaching.

Our upcoming open house is your chance to learn more about this innovative way of learning. And with Nevada schools becoming more and more overcrowded, Odyssey's hybrid approach helps ensure your child still gets the personalized educational experience they deserve. After all, every student is unique. Their education should be, too.
