

Books...Boring? NEVER!!

Your child has just finished a book and you want to check his/her understanding. Can they identify the characters? Do they know the events of the plot? Can they describe the main setting of the book? So, to find out if your child learned the literary elements, you give them the dreaded “Book report.” You receive the groans and moans, and your child soon wishes they would have never completed the book. 😞

Well, then it’s time you change your approach! There are many fun ways to wrap up a book with your child. How about checking their understanding through a sequence paper chain, a flip flap book, a riddle bag, or a creative triarama? The sky is the limit! *(And, I have a TON of ideas for YOU!)*

Come to this P.A.T. workshop to learn about some great alternatives to boring book reports or worksheets. Your child will have the opportunity to read a picture book and then try out some of these fun reading projects. Reading should never begin or end ...boring!! Let’s make sure this never happens again!! 😄

To Register: Go to the home page: www.odysseyk12.org and pull down the menu “Orientation” and click “Parents As Teachers Workshops.”
