

Feel the POWER of PowerPoint

Students,

Would you like to become a “PowerPoint PRO?”

Then, this is the class for you! You will be working on your own computer while I teach you the many exciting components of a power point presentation. We will be using Microsoft Office Power Point 2007. You will learn how to choose your slide designs, add text, insert clip art, and of course, put in those exciting animated transitions. When you are finished, you will get an opportunity to view other students' slide shows.

To Register: Go to the home page: www.odysseyk12.org and pull down the menu “Orientation” and click “Parents As Teachers Workshops.”
